OUR STORY

As the name says, Celebrating Life Bakery (CLB) aims to celebrate each being's intrinsic values, culture, integrity, compassion and individuality.

Our actions are crafted through the lens of humanity - embarking with our commitment to making flavorful and exceptional quality cakes, to our professional yet warm customer connections and extending the same to our partners as we organize our business responsibly and mindfully. We are our own benchmark, and we hope to set the standard for the rest to follow.

We strive to deliver outstanding customer service every time a cake leaves our Bakery. From the moment an order is placed through the phone, or the customer walks through our door to the last minute when the cake is relished by our customer, we want to delight, enrich and satisfy.

We go beyond our limits, as we extend our altruistic intentions to those who are most often overlooked, through our social concept of "Cake for Cake"
